

### Pupil Premium Statement 2022-23

The aim of the Government’s Pupil Premium is to raise achievement among disadvantaged children. It will provide additional funding for disadvantaged students to ensure they benefit from the same educational opportunities as students from wealthier backgrounds.

Students may be defined as disadvantaged if they:

- Are in the Looked After system
- Are entitled to Free School Meals
- Are children of Services personnel

The Pupil Premium has several wider aims:

- To increase social mobility;
- To enable more students from disadvantaged backgrounds to get to the top universities;
- To reduce the attainment gap between the highest and lowest achieving students nationally.
